HAPPY BIRTHDAY MESSAGE

I hope your day is magical and that you take a moment and reflect on how much of a gift you are to this world. Please think of the impacts you have made over your life and the echoes reverberating to people saying how much they appreciate your counsel.

I thank you for saying yes and allowing me into your community.

Today, I celebrate with you by sending a birthday remix song from my friend Bailey and me.

Again, Happy Birthday, and let me know how you celebrated.
